Many People from overseas, mostly those who came here under the Agreement of Economic Partnership (EPA) with the Philippines, Indonesia, and Viet Nam currently work together with us under the same work conditions as those of Japanese employees.

We will continue contributing to the welfare of society through active interactions with people from the countries in South-East Asia such as Taiwan, Indonesia, Philippines, and Viet Nam.

■ Unique features

To future students;

Aside from the language studies in the classroom, we will provide you opportunities (activities) at welfare or medical facilities affiliated with “Hapinesu Group” if you desire, so that you will be exposed to a more practical language learning environment.

***These activities are officially permitted by the Ministry of Justice for all students holding student visas (permission to engage in activity other than that permitted under the status of residence previously permitted).**

International students can be a part-time job up to 28 hours per week

As Japan is a highly advanced aging society in the world, observing and actually being involved with modern elderly nursing facility management will be a great asset.

We are convinced that these experiences will contribute to your future career plans and hopefully to the development of your home country.
